#### **LEGISLATIVE COUNSEL'S DIGEST**

AB 2215, Cortese. Fish and Wildlife Pollution Account: Fish and Game Preservation Fund.

Under existing law, various subaccounts are created within the Fish and Wildlife Pollution Account in the Fish and Game Preservation Fund. Existing law specifies the uses for which the funds in the subaccounts may be expended by the Director of Fish and Game or his or her deputy or designee. Existing law also requires the Department of Fish and Game to maintain a cost accounting system to account for the cost of each activity or program engaged in by the department.

This bill would require the department to maintain a cost accounting system consistent with existing law that accounts for the costs of each activity or program using funds from the subaccounts.

*The people of the State of California do enact as follows:*

SECTION 1. Section 13231 is added to the Fish and Game Code, to read:

13231. Consistent with Section 13203, the department shall maintain a cost accounting system that accounts for the costs of each activity or program engaged in pursuant to Section 13230 using funds from the subaccounts listed in that section.
